

The **right** information the **first** time

INFINA INTELLIGENT CARE COORDINATOR

is a web-based solution for seamlessly and efficiently automating and managing patient referrals between practices, with 1,500 participating providers in North Carolina.

Intelligent Care Coordinator Benefits

AUTOMATE CURRENT MANUAL PROCESSES

- e-Referral Book: preferred provider directory
- e-Forms: simplify referrals with standard e-versions of paper forms
- Fast time-to-benefit: quick-to-learn and easy-to-use application
- Facilitates PCMH and ACO initiatives and compliance

ACHIEVE PCMH ELEMENT 5 B COMPLIANCE

- Reason for referral
- Relevant clinical information
- General purpose of the referral
- Referral tracking, with the date of referral and timing indicated for receiving report
- Contact specialists regarding report while documenting efforts to retrieve report
